How To Find Recent Fiction

The new McNaughton Plan books are now on M Level, under the stairs. **Recent bestsellers** are there, available for a 2-week checkout (with one renewal).

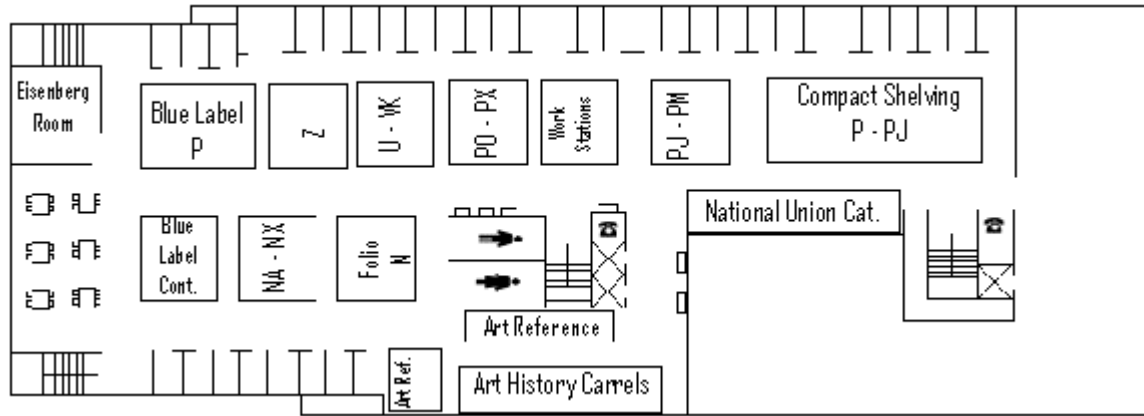

While there is not one section in the stacks of the Eisenhower Library for all fiction, you can browse the call number ranges below to find works of recent fiction. All ranges are in the **Blue Label Section of D Level** and cover the years 1961 to present.

The Hutzler Undergraduate Reading Room ("HUT"), in Gilman Hall, also has a collection of non-circulating fiction. And don't forget to check the New Books shelves on M Level.

Remember, many books in our collection are in the off-campus shelving facility, Moravia Park. Use the Libraries Catalog to locate these. See a Reference Librarian for help.
